Canine Training Session

If your pet is having an extended lodging stay or is one of our daycare family members, consider having some basic training exercises for your pet! We will work with your dog on basic commands such as sit, stay and down, as well as relaxation exercises. Fun socialization exercises are encouraged especially for puppies and play time can be arranged with other dogs. Talk to one of our veterinarians if you have specific issues you would like addressed and we can work with you to support your at home training.
