## Enhanced Experiences

We offer additional services based on your pet's individual needs.

### PET-I-CURE

We trim your pet's nails with positive reinforcement using words of praise and high-reward treats.

### OATMEAL BATH + PET-I-CURE

Your pet will enjoy an oatmeal-based shampoo that gently cleans the skin and coat, plus we will give him or her a pet-i-cure.

### DAILY TEETH BRUSHING

We use flavoured toothpaste to maintain your pet's oral care while you're away.

### PET TUCK-IN

A well-trained staff member will spend one-on-one time with your pet at the end of the day brushing your pet's coat and teeth, and will provide a special bedtime treat.

### CANINE EXERCISE PACKAGE

If you would like your loyal companion to go on a 20-minute extended walk during their stay, we offer a leisurely stroll or a jaunt in a local tree-lined, grassy space.
